EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Stanislaus Aksman on 04/07/2006.

The application has been amended as follows:

In claim 17, last line, after "polyacrylamide," and before "based on the total weight of the hydrogel.", add:

and at least 75% by weight pyrogen-free water or saline solution,

Cancel claim 22

Cancel claims 1-8, 27-34, 40-44

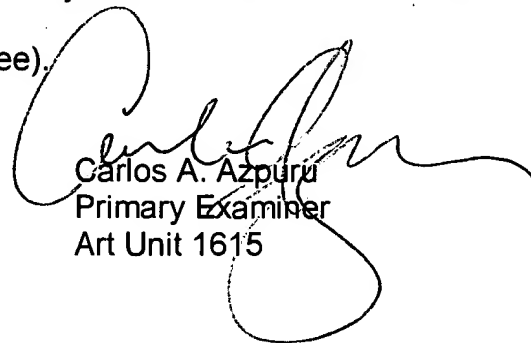

The following is an examiner's statement of reasons for allowance: The prior art lacks any teaching or disclosure of using polyacrylamide gel for replacing, mimicking, or augmenting the function of cartilage and/or synovial fluid in a joint. The closest prior art is exemplified by US Patent No. 5,798,096 and GB patent No. 1 320 233 which sets out the use of a polyacrylamide gel in contact lenses, and vocal cords, respectively. None of the disclosed used include either cartilage or synovial fluid.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Carlos A. Azpuru whose telephone number is (571) 272-0588. The examiner can normally be reached on Tu-Fri, 6:30 am - 5:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thurman K. Page can be reached on (571) 272-0602. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
